TimeLogic Software QA Test Specialist

Active Motif, Inc. develops and manufactures innovative kits and reagents for cell and molecular biology research; its TimeLogic biocomputing division provides hardware and software solutions that accelerate the acquisition of knowledge from a variety of biological databases.

Active Motif is looking for a highly motivated, team orientated individual to join its TimeLogic biocomputing team to expedite the release of a new software to customers by evaluating technical descriptions of changes or bugs in software that have been implemented by programmers and performing tests to verify that these changes have the desired effects without introducing new bugs.

Job Description:

- Plan and write test cases to validate and replicate reported bugs and new features.
- Efficiently and carefully execute tests of GUI, web, and command line interfaces.
- Accurately repeat tests in multiple operating environments.
- Thoroughly document results of tests.
- Write and maintain perl scripts to automate and repeat tests when appropriate.
- Write detailed bug reports to submit to engineering.
- Work with development team to design improved testing methodologies and schemes.
- Install and configure Linux and Windows operating systems on test machines.
- Install and configure application software.

Requirements:

- 2 years minimum work experience in commercial software testing.
- Experience with Linux and Windows operating systems.
- High attention to detail when following repeated instructions and documenting test results.
- Strong interpersonal, written, and oral communication skills.
- Ability to carefully follow instructions and maintain high productivity while working independently.
- Competency with Perl (preferable) or other scripting language.
- Proficiency with Microsoft Word and Excel.
- Understanding of bioinformatics data inputs, outputs, and parameters for DNA and Protein similarity searches is a plus.

In addition to a highly interactive and stimulating work environment, Active Motif also provides competitive salaries, stock options, and an excellent benefits package. Active Motif is an equal opportunity employer and promotes diversity throughout its workforce. Active Motif is located in Carlsbad, California, and has offices in Belgium and Japan.

If you fit these requirements and are interested in a career with Active Motif, please submit your cover letter and resume outlining your qualifications and experience, along with current salary details to hr@activemotif.com or by mail to Active Motif, Inc., attn: Human Resources, 1914 Palomar Oaks Way, Suite 150, Carlsbad CA 92008.

We thank all applicants, however, only those selected for interviews will be contacted.
